We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.

--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed,

--That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness.
Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed.

But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.
DECLARATION OF INDEPENDENCE

--Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

• Denied Representation
• For cutting off our Trade with all parts of the world:
• For imposing Taxes on us without our Consent:
• For depriving us in many cases, of the benefits of Trial by Jury:
US CONSTITUTION

• Created Congress, Executive and Judiciary
• Dictates how President, Representatives and Senators elected
• How to handle Defense, Debt, Treaties, etc.
• Rules governing amendments to Constitution
• Article I. Section 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.
THE SUPREMACY CLAUSE?

Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land;

• Unless a law is constitutional, it’s no law at all

• We are free
I know not what others may choose but, as for me, give me liberty or give me death.

I know of no way of judging the future but by the past.

For my part, whatever anguish of spirit it may cost, I am willing to know the whole truth; to know the worst and provide for it.
BILL OF RIGHTS
FIRST AMENDMENT

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.

- This is a restraint on government
- Not an enumeration of our rights
- Legislators have usurped our rights
- Courts have inverted the Bill of Rights
DUE PROCESS CLAUSE OF 5TH AND 14TH AMENDMENTS

• Roots in Magna Carta in 1215

• 5th: No person shall be...deprived of life, liberty, or property without due process of law

• 14th: ...nor shall any State deprive any person of life, liberty, or property, without due process of law

• Ensures fair treatment of citizens by government
NATIONAL CHILDHOOD VACCINE INJURY ACT - 1986

- Recognized vaccines injure and kill some
- Set up no-fault compensation program
- Gave liability shield to vaccine industry
- With no liability, vaccine schedule exploded
PREP ACT OF 2005
EMERGENCY USE AUTHORIZATION

• COVID-19 injections available today in the US are Emergency Use Authorized (EUA).

• Federal law requires EUA products be voluntary.
EXEMPTIONS - WHO OWNS YOU?

- Exemptions assume govt owns you
- Are we chattel?
- Are we livestock?
- Are we sovereign human beings?
- Which side of history do you choose?
EXEMPTIONS

• What government grants can and will be taken away
• Not a question of IF, but when
EXAMPLE OF CALIFORNIA

- 2011 AB 499 - Hep B/Gardasil children age 12 can consent. “We won’t intrude on family rights.”

- 2012 AB 2109 - Health Care Practitioner must sign PBE, self-incriminate – “We won’t take away your right to an exemption.”

- 2015-2016 SB 277 - Removed PBE – “We won’t take away medical exemptions, we won’t interfere with doctor-patient relationship.”

- 2015-2016 SB 792 - Remove PBE for daycare, mandate vaccines for parent volunteers - teachers exempt.

CALIFORNIA

• 2016 SB 18 - Children’s Bill of Rights - failed – “right” to “proper medical attention,” to “proper education,” etc.

• 2019 SB 276 - Removed medical exemption - must be approved by bureaucrat, limited reasons.

• 2019 SB 714 - Restricted who can write medical exemption, how submit, created standard form.

• 2019 AB 262 - Allows local health officer to take ANY action necessary to control the spread of communicable disease.

UNDERSTANDING JACOBSON V MASSACHUSETTS, 197 U.S. II (1905)

• Seminal case on mandatory vaccination
• Key issues:
  • Power of State vs. federal government
  • Rights of individual vs. rights of community
• SCOTUS ruled the MA statute not contrary to federal law and Jacobson’s rights must yield to community, based on the facts of the case
LOCAL BOARD OF HEALTH EDICT
NOT STATE WIDE

• Smallpox – 30-40% fatality rate
• Liberty may be restrained “under the pressure of great dangers”
• SCOTUS clear not a blanket ruling for all cases
• Court wrote: “[t]here is, of course, a sphere within which the individual may assert the supremacy of his own will and rightfully dispute the authority of any human government, especially of any free government existing under a written constitution, to interfere with the exercise of that will.” 197 U.S. at 29.
WHAT JACOBSON IS NOT

- State does not have right to plunge a needle into your arm
- "Allowed" a penalty – Jacobson $5
- Not all mandates valid – require “great dangers” and “reasonable regulations”
- Court balanced interests of state against liberty of individual – for smallpox
- Jacobson does not suspend Constitution in a pandemic
- Jacobson does not justify a federal or ANY mandate
“Why have some mistaken this Court’s modest decision in Jacobson for a towering authority that overshadows the Constitution during a pandemic?”

Roman Catholic Diocese Of Brooklyn, New York v. Andrew M. Cuomo
OUR WORLD IN 1905

- Women Can’t Vote
- Racial Segregation
- Jim Crow Laws
- Mercury For Syphilis
- Radium Water
- Morphine/Mercury for Teething Babies
- Sedation of Laboring Women
- Disinfecting of Laboring Women With Lysol
result. We have seen more than once that the public welfare may call upon the best citizens for their lives. It would be strange if it could not call upon those who already sap the strength of the State for these lesser sacrifices, often not felt to be such by those concerned, in order to prevent our being swamped with incompetence. It is better for all the world, if instead of waiting to execute degenerate offspring for crime, or to let them starve for their imbecility, society can prevent those who are manifestly unfit from continuing their kind. The principle that sustains compulsory vaccination is broad enough to cover cutting the Fallopian tubes. Jacobson v. Massachusetts, 197 U. S. 11. Three generations of imbeciles are enough.
NUREMBERG CODE, 1947

1. The voluntary consent of the human subject is absolutely essential.

This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision.”
DECLARATION OF HELSINKI, 1964

Human subjects “must be volunteers and informed participants in the research project.”
SCOTUS CREATED A ZONE

- Privacy, autonomy and self-determination
- Reinforced over time

- June 7, 1965 - Griswold v. Connecticut – contraception in bedroom
- June 12, 1967 - Loving v. Virginia – interracial marriage
- June 25, 1990 - Cruzan v. Director – unwanted medical treatment
- June 26, 2015 - Obergefell v. Hodges – same sex marriage
UNESCO DECLARATION OF BIOETHICS AND HUMAN RIGHTS, 2005

“Any preventive, diagnostic and therapeutic medical intervention is only to be carried out with the prior, free and informed consent of the person concerned, based on adequate information.”
CRUZAN V. DIRECTOR
MISSOURI DEPT OF HEALTH, 1990

- 25 year-old Cruzan in coma after car accident
- Family wanted to remove feeding tube
- Court Ruling: right to refuse unwanted medical treatment
- Conflicts with Jacobson
- Which is it? Who decides?
- Should we delegate power to judge?

COVID-19 IS NOT DANGEROUS FOR MOST PEOPLE

Biden's CDC director: "The overwhelming number of death, over 75%, occurred in people who had at least four comorbidities"
CASES WERE INFLATED

- CDC and WHO changed criteria – report pre-existing conditions in Part II
- LA County Health Services Dir – 90% hospitalized cases incidental. FEMA paid citizens to state COVID on death certificate
- Health Departments listed those recently vaccinated as unvaccinated

We update hospital lists on the web quarterly in a calendar year. I have attached the quarterly lists going back to January 2020. We do not track "partially vaccinated" cases; DHW only track fully or not fully vaccinated. DHW does not have hospital-based data for "admissions" Please request this information from the hospitals.

You may contact Administrative Procedures using the information below if you have any questions.

Immunity: Protection from an infectious disease. If you are immune to a disease, you can be exposed to it without becoming infected.

Vaccine: A product that stimulates a person’s immune system to produce immunity to a specific disease, protecting the person from that disease. Vaccines are usually administered through needle injections, but can also be administered by mouth or sprayed into the nose.

Vaccination: The act of introducing a vaccine into the body to produce immunity to a specific disease.

Immunization: A process by which a person becomes protected against a disease through vaccination. This term is often used interchangeably with vaccination or inoculation.

STUDY OF 145 COUNTRIES
COVID-19 INJECTIONS WORSEN SITUATION

• COVID-19 injections cause more COVID cases per million (+38% in US)
• COVID-19 injections cause more deaths per million associated with COVID (+31% in US).

Several other studies reinforce these results:
The more COVID injections, the worse things get

COVID-19 INJECTIONS ARE DANGEROUS

• VAERS Reports (excluding foreign, thru 10/7/2022)
  • Total Reports - 880,882
  • Serious - 91,760
  • Hospitalized - 70,118
  • Deaths - 14,790
• Federal research - fewer than 1% of reactions reported
• 85% of reports made by medical professional
• Most injuries day 0-3 of shot = causality
• Preventative medicine should never HARM!

Government Health Advice

Avoid sunlight and fresh air as much as possible.

Trap bacteria and germs on your face for at least 8 hours a day.

Watch television news propaganda, daily.

Instil a sense of anxiety and fear in your children.

Get injected with untested vaccines.
MAHATMA GANDHI

Fear of disease killed more men than disease itself

Live as if you were to die tomorrow. Learn as if you were to live forever.

When I despair, I remember that all through history the way of truth and love has always won. There have been tyrants and murderers and for a time they seem invincible, but in the end, they always fall... think of it, always.
